

# SUMEET PATIL

Week: Oct 12, 2024 – Oct 25, 2024

---

## Task Accomplished:

1. Designed login and dashboard/homepage with front end technologies.
2. Integrated Restful Microservices with frontend
3. Started working on backend application for API gateway and load balancer for secure access to the application

## Research on Tools:

1. Explored on how to make API Gateway secured with token exchange and token expire policy
2. Working on Dashboard design to make it look aesthetic and easy to understand

The commit and development for the application can be accessed on github repo as below:
