SUMEET PATIL

Week: Sep 28, 2024 – Oct 11, 2024

Task Accomplished:

1. Completed account login and user microservices protected by OAuth2.0 login.
2. Simplified storage and normalized data storage for both microservices
3. Started working on front-end application for login page and home page

Research on Tools:

1. Explored on how to make front/login page customizable
2. Working on feature for Monhtly expense and tags to save in each category

The commit and development for the application can be accessed on github repo as below:
